

Children's Book World Summer Reading Fundraiser

Allowing your students the chance to order their summer reading books through your school is an excellent opportunity to raise money while providing a convenient service for all your school families.

How it works:

- Contact us with your summer reading lists in April and we'll supply pricing and availability information.
- Send a flyer home with each child by the first week in May detailing the summer reading choices and prices.
- Child and parent fill out the form and send it back into school with a check or cash no later than mid- May.
- Children's Book World orders your books.
- Pick up your books at our store (shipping is available for an additional fee) and deliver the books to your students by the end of May/beginning of June.
- Receive 20% of all proceeds for school use, or your students may receive a 20% discount on their summer reading purchases.
